### FEBRUARY

It's February!!!

Hope you're enjoying Black History Month so far, in spite of all the slush, sleet, snow and e-mail viruses! By the way, if anyone suspects they may have a virus on their PC (like the latest celebrity virus, W32/Mydoom.A), you can download a FREE virus scan and removal utility from my website (Information Station page) that will get rid of it for you. See! It pays to read these e-mails sometimes! ;o)

Lot's of great events for you to celebrate with (or without!) your valentine this month. Checkout my Event Information page for flyers to other events going on in the city - from live entertainment to the hyped club events! This site is updated on a daily basis, so remember to make add it to your favorites and check it every weekend for the latest happenings! If you're a promoter and you want your flyer up there too, just follow the instructions on the page.

Do you're best to RSVP early, because the ability to RSVP normally expires the day before each event.
