JULY - Reminder

I don't think I've ever seen a Caribana in Toronto where there are so many things to do! Hats off to the event organizers and promoters who are working hard to put together some original, safe and worthwhile events to attend. I'm looking forward to really enjoying this year (weather permitting or not!) and you should be too - it feels like Toronto is ready to 'Bacchanal'!!! ;o)

A lot of you have been calling to find out what is going on in the city this year. To answer the calls, we've done our best to capture the majority of signature events happening this year in our [events section](#) of www.djglenc.com, and more events are being added daily!

Below are some of the events key events coming up that I will be at for sure! See you there!
