SEPTEMBER

For those who's thoughts and prayers are with the victims of the recent rash of hurricanes and tropical storms in the Caribbean, I would like to offer two websites for your exploration, as they helped keep me informed while organizing Business Recovery efforts over the last week...

The National Weather Service Tropical Prediction Center - www.nhc.noaa.gov - Has EVERYthing you ever needed to know about Hurricanes and gives you regular updates on their status.

The Caribbean Disaster Emergency Response Agency - www.cdera.org - Very informative! Gives you everything you need to know about each of the Caribbean islands and their important news as it relates to each of them!

We're currently working on several initiatives this month to raise awareness and provide assistance for those affected by the hurricanes in the US and Caribbean. I hope to see your continued support by just coming out and enjoying yourself as your normally would! Visit www.djglenc.com often!
